

ABOUT THIS COURSE

Instructions: As you read, you will take new journeys, connect with original characters, and delve into topics you may never have imagined. Use this *50 Books Club* bookshelf to track your progress through fifty books!

When you finish a book, write the title on a book spine below or to the right and use your imagination to color or decorate the spine. You will record more detailed information about your completed books in the charts on the following pages. Rate each book from 1 to 5, with 5 being a book that you consider one of your favorite books, by circling or coloring the butterflies under the word "Rating" in each box's top-right corner. When you have completed reading fifty books, remember to add your *50 Books Badge* to your *My Electives Badge Book*! This badge can be found at the back of this course book.
